Maintain a proper diet

CONSULTATION TRANSCRIPT

[00:00] Patient

Hello doctor. Hello doctor.

[00:04] Doctor

How are you? How are you feeling?

[00:07] Patient

I'm good.

[00:08] Doctor

What about you? Do you have any difficulty?

[00:12] Patient

Yeah doctor, I've been feeling very low these days. I've been feeling very ill, and I'm... like I am very weak. After... even after eating I am having very difficulty, I'm having hungry. Like I have headaches, and I'm suffering with a lot... headaches, and fever, body aches.

[00:35] Doctor

So where did... did you went... did you had a long travel last week?

[00:39] Patient

Yes doctor, I've been traveling to the out of station for the... on the work purpose, based on the work.

[00:48] Doctor

Okay, you have... actually you need to take rest for few days, for at least two days. I'll prescribe some pain relief medicines. So you have to take that regularly, and maintain proper sleep, and proper diet, okay? Without this you could... you could have a very... health issues, you could have health issues, okay? Be conscious. Thank you.

[01:15] Patient

Thank you doctor. Okay.
